Maximum Annual Allocation Per Applicant	\$4,000, but agencies may set a lower maximum service level in order to serve more families. <i>Actual service payment</i> is based on care needs. Fund Dispersal	<p>The maximum allocation for each family is determined using <u>DHS eligibility worksheets</u>. Payments are made using invoices and receipts.</p> <p>May pay a service agency directly or reimburse program participants or the primary caregiver/ representative for approved expenses.</p>	<p>Services must be approved by the administrative agency in advance in order for goods and services to be purchased using NFCSP funds.</p> <p>Payments to service providers are usually made monthly, but other timeframes are allowed.</p>	<p>Applicants are eligible to apply for a respite grant multiple times a year. Requests are approved based on care recipient needs, geographic location of services provided, length of time respite is needed, and funding availability.</p> <p>Grants are awarded and paid to applicants (usually primary caregivers) so they can pay the respite care provider for services rendered.</p> <p>In circumstances where respite care is provided in a facility-based setting, we can pay the facility directly.</p>

If a family is eligible for AFCSP but funds are unavailable, they may enroll in NFCSP but should also be added to the AFCSP waiting list.</p>	<ul style="list-style-type: none"> • No minimum or maximum limit of hours – must be reasonable. • No minimum or maximum limit on amount – must be reasonable. • Can apply multiple times a year subject to funding availability. • Can process payment within hours in an emergency.
