

Medicare Plan Finder New features coming May - June 2024

May 2024

What's changing?

- **SPAP and PAP Nudge links**

State Pharmaceutical Assistance Program (SPAP) and Pharmaceutical Assistance Program (PAP) nudge links will be added to the Summary page to make it easier for users who may qualify for these programs to find relevant program information

- **Changes to the Pharmacy Finder and In-Network Pharmacy Finder**

A series of changes will be made to the Pharmacy Finder and In-Network Pharmacy Finder to help users to make the connection between pharmacy selection and drug prices clearer and easier to use

SPAP and PAP nudge links

Estimated release date: May 2024

A new section titled "More help with drug costs" will appear under the "Extra Help" section but above the Pharmacy and Drugs sections of the Summary page

SPAP Card

State Pharmaceutical Assistance Programs (SPAPs) will be represented by a card under the new section for beneficiaries who meet the following criteria:

- Live in a state with an SPAP program
- Participate in a Low Income Subsidy (LIS) program
- Are currently enrolled in a Part D plan
- The SPAP card will contain a link to SPAP program information on the SPAP page (will open in a new tab/window)

SPAP and PAP nudge links

Estimated release date: May 2024

A new section titled "More help with drug costs" will appear under the "Extra Help" section but above the Pharmacy and Drugs sections of the Summary page

PAP card and related button on drug list

Pharmaceutical Assistance Programs (PAPs) will be represented by a card under the new section for beneficiaries who meet the following criteria:

- Participate in a Low Income Subsidy (LIS) program
- Have added a PAP-eligible drug to their plan

The PAP card will contain a jump link to the "Your drug list" section of the summary page.

A button will be added to each PAP-eligible drug on the drug list linking to the drug's corresponding PAP page (will open in a new tab/window)

Pharmacy Finder & In-network Pharmacy Finder

Estimated release date: May-July 2024

A series of changes will be made to the Pharmacy Finder and In-Network Pharmacy Finder to help users to make the connection between pharmacy selection and drug prices clearer and easier to use, including:

- Display estimated total drug costs price per pharmacy directly on In-Network Pharmacy Finder map
- New options for capturing user location on Pharmacy Finder and In-Network Pharmacy finder including:
 - Use my current location
 - Use my home address (logged-in users only)
 - Address autocomplete for street addresses

Pharmacy Finder & In-network Pharmacy Finder

Estimated release date: May-July 2024

A series of changes will be made to the Pharmacy Finder and In-Network Pharmacy Finder to help users to make the connection between pharmacy selection and drug prices clearer and easier to use, including:

- Display distance to pharmacy:
 - On the Pharmacy Results section of the Pharmacy Finder and In-network Pharmacy Finder
 - In the Drug Coverage section of the Plan Details page
