Family Caregiver priorities and survey opportunity

Nearly every person served by the Aging, Disability, and Independent Living (ADIL) Network has one or more family members or friends who provide them with care or some form of help. We at the [Wisconsin Family and Caregiver Support Alliance \(WFACSA\)](#) are working to identify which priorities in the [2022 National Strategy to Support Family Caregivers](#) most strongly align with our state's needs.

Sharing what your agencies and organizations currently do and would like to see us focus on in the future, will be key to strengthening caregiver supports across our state.

Wisconsin Family and Caregiver Support Alliance (WFACSA): <https://wisconsincaregiver.org/alliance>

2022 National Strategy to Support Family Caregivers: <https://acl.gov/CaregiverStrategy>

For this reason, we request your input through this [professional survey](#) to learn about the needs of family caregivers. Your expertise is vital to understanding needs across our network and state. We have also generated a [family caregiver-specific survey](#) which has been shared on our Wisconsin Family Caregiver Support FB page and by other members of the Alliance. We ask that you share this link with family caregivers that you work with as well.

What we learn from these surveys will be helpful for our state and shared with the national [RAISE Caregiver Advisory Council and ACL](#) to design improvements in caregiver supports across federal programs.

RAISE Caregiver Advisory Council and ACL:
