DRAFT

LRB 1910 removes income requirements for the Alzheimer's Family and Caregiver Support Program (AFCSP) to align with the federal National Family Caregiver Support Program (NFCSP). Removing income-based eligibility from AFCSP will protect \$3.5 million in annual federal NFCSP funding and ensure support remains accessible to all families.

LRB 1910:

- **Protects Federal Funding:** Secures federal NFCSP dollars vital for caregivers.
- **Supports Care at Home:** Makes resources like adult day care and home modifications available.
- **Reduces Healthcare Costs:** Allows individuals to remain at home longer.
- **Strengthens Family Support:** Ensures no family is left behind.

The federal Older Americans Act family caregiver support program requires a 25% match. Over half of Wisconsin counties use the state's AFCSP program to meet the federal match requirement. Federal rules now prohibit the use of income-based eligibility programs, such as Wisconsin's current AFCSP, from being used as match. AFCSP currently has income requirements (\$48,000/annually), putting Wisconsin counties out of compliance with federal rules. Without this change to remove the AFCSP income-based eligibility requirements, federal funds essential to caregiver programs across the state are at risk.
