

# Medicare Plan Finder Overview

# Objective

- Learn to use the Medicare Plan Finder effectively to counsel Medicare beneficiaries
- Learn to compare plans
- Explain the differences between the plan finder and other places to find the same information

# Medicare Plan Finder

The Medicare Plan finder was created by CMS in 2005 to assist Medicare beneficiaries in choosing a Medicare Part D plan.

The plan finder you see now is the newest version. It was created in 2019 and is still evolving.

Every year, the plan finder is tweaked and that is why we need to have an overview to see the new changes.

# Welcome to Medicare
