December: Diabetes Made Doable - Evidence Based Classes

Did you Know?

Participants in DPP Class reduce diabetes risk by up to 58%.

Healthy Living with Diabetes

Healthy living with diabetes is an evidence based program that meets for 6 weeks for 2 ½ hours per week. Each week, the program explores topics including mental, physical, and emotional well-being, social support, and skills for managing diabetes.

Vivir Saludable con Diabetes

Vivir Saludable con diabetes is also an evidence based program that follows the same 6-week programming as Healthy Living with Diabetes and is offered in Spanish.

Eligibility Criteria

You are eligible for the above programs if you have type 1 diabetes, type 2 diabetes, have prediabetes, or live with someone who has diabetes,

Eat Better, Move More, Prevent Diabetes

Eat Smart, Move More, Prevent Diabetes is a CDC recognized 12-month long diabetes prevention program intended to prevent or delay the development of type 2 diabetes. Key concepts in classes include planning, tracking, and living mindfully with diabetes.

Why evidence-based programs improve diabetes outcomes

- These programs help people with diabetes gain knowledge, skills, and personalized support for diabetes self-care.
- Adults who receive diabetes education follow more recommended preventive care practices.
- Those who received diabetes education were more likely to follow self-care practices such as...
 - Checking blood sugar daily
 - Getting regular physical activity
 - Checking for foot sores

Importance of Hydration

Staying hydrated improves focus, mood, and decision-making for self-care.

***NOURISH stands for: Nutrient-Rich Foods, Omega-3s & Healthy Fats, Understand, Recipes, Increase Protein & Fiber, Sugar & Sodium Awareness, and Hydrate.**

Baked Apples & Squash

Recipe & photo used with permission from foodhero.org

Ingredients

- 1 cups winter squash cubes
- 1 cups apple cubes
- 1/2 Tablespoon vegetable oil
- 1/4 teaspoon cinnamon
- 1/2 Tablespoon sugar
- 1/4 teaspoon salt

Directions

- Preheat oven to 425 degrees F.
- In a large bowl, combine all ingredients. Toss to coat evenly.
- Spread the mixture on a baking sheet.
- Bake for 20 to 30 minutes, or until squash is soft.
- Refrigerate leftovers within 2 hours.

Hydration Tracker

Directions: Color in a water drop for each 8 oz glass you drink per day. Challenge yourself to complete the whole week!
