

Falls Free Wisconsin Webinar

Innovative Approaches to Falls Prevention in Wisconsin Communities

Wisconsin has the highest rate of deaths due to falls among older adults in the country. We can do something about that! Join us for this webinar to learn about falls prevention efforts making a difference in communities around the state.

Strategies to Build and Sustain Community Fall Prevention Coalitions in Wisconsin

Looking for ideas to engage partners across the community to prevent falls? In this webinar, you'll learn about three models for creating and sustaining a community-wide fall prevention coalition. Hear from the organizers who will discuss how the efforts were developed and sustained and get advice for starting one in your community. Falls Free Wisconsin Coalition members will introduce a Coalition Quick Guide to help you on your journey.

When: Friday, November 11th | 10:30 - Noon CST

Speakers:

Barb Michaels - Brown County Fall Prevention Partnership and
Dave Taylor - Fall Prevention Alliance of Northeastern Wisconsin

Kathi Hegranes - Finding Balance Together

Suzie Ryer & Ann Gallo - Milwaukee County Falls Prevention Coalition and Falls Free Wisconsin Best Practice Workgroup

Contact Kris.krasnowski@wihealthyaging.org for more information.

Who should attend?

Professionals in health and managed care (clinicians and front line workers), public safety (EMS and first responders), aging offices and ADRCs, residential facilities, caregiver support and others interested in falls prevention are encouraged to attend!

If you're part of a falls or injury prevention coalition, this webinar is for you!
